

DVD Promotion Project for Illinois Youth Rodeo

In 2010 Prairie Productions will be working with IHSRA and Wrangler Associations and IJRA. The project will develop a promotional DVD covering the activities & competition of youth rodeo in Illinois.

I am offering to gather Digital Video clips showing contestants in action or Association activities, edit and produce a DVD that can be used for promotion.

- Clips need to be positive,
- Have good lighting,
- Colorful,
- Show the event from a newcomer's perspective,
- Put the unedited clips on a CD/DVD and give it to me.

So as you see me please share your video clips on CD/DVDs. The project is scheduled to be complete by Horse Fair 2011.
