

DVD Promotion Project for Illinois Youth Rodeo

In 2010 Prairie Productions will be working with IHSRA and Wrangler Associations and IJRA if they want to be included. The project will develop a promotional DVD covering the activities & competition of youth rodeo in Illinois.

I am offering to gather Digital Video clips showing contestants in action or Association activities edit and produce a DVD that can be used for promotion.

- Clips need to be positive,
- Have good lighting,
- Colorful,
- Show the event from a newcomer's perspective,
- Put the unedited clips on a CD/DVD and give it to me.

So as you see me this summer please share your video clips on CD/DVDs.
